Vision

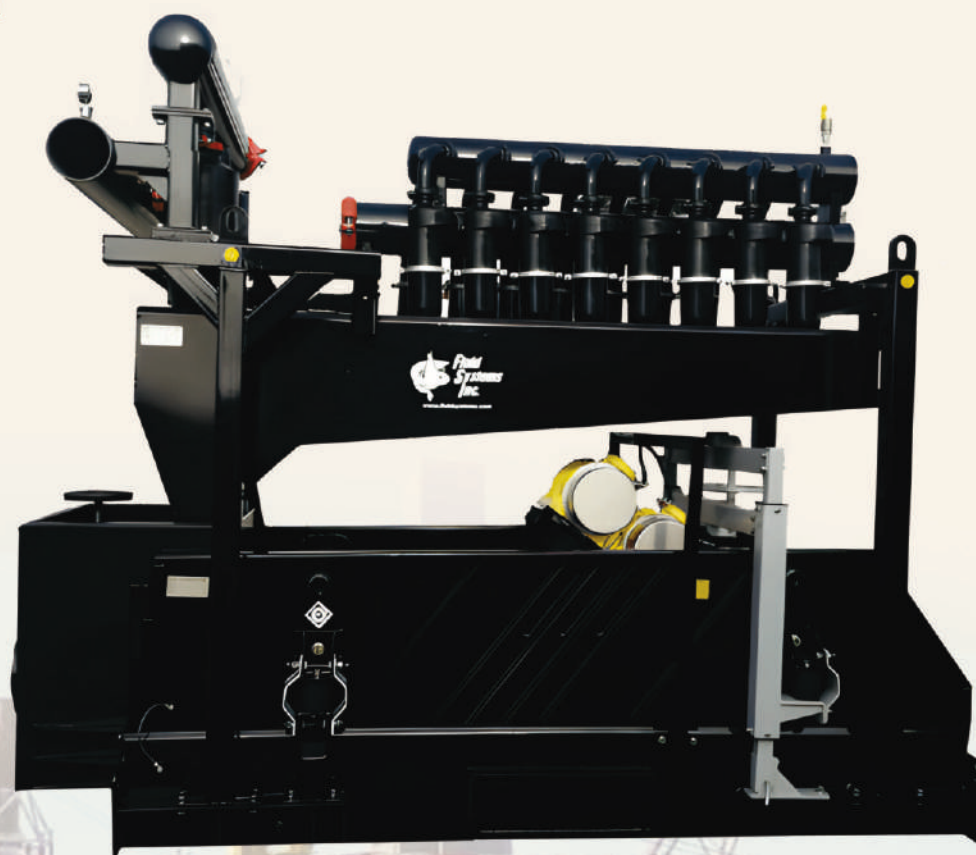

Industries Served :

1. Oil & Gas
2. Mining
3. Underground Construction

MUD CLEANER

FSI Mud Cleaner manufactured in India is an advanced solids control solution combining high-performance Desilters and Desanders for superior fluid recovery. Engineered with high G-force technology, it efficiently removes fine solids while maintaining consistent separation under varying load conditions. Engineered for reliability and efficiency, it reduces maintenance while maximizing performance. Its innovative design enhances fluid quality, lowers waste management costs, and ensures regulatory compliance.

HIGH "G" FORCE MUD CLEANER

FEATURES :

- Variable G-Forces: 10 – 15 G's
- Up to 16 × 4" desilters per unit
- Up to 3 × 10" desanders per unit
- 34 sq. ft. screening area
- High Performance
- Linear motion
- Simple design
- Low maintenance cost
- Small footprint
- No lubrication
- Low noise

Capacity	1000 GPM - 2000 GPM
Also available as per custom design
